‘GOP 5’ Issues Statement On Budget Deadline

*Senators Tom Berryhill, Sam Blakeslee, Anthony Cannella, Bill Emmerson, and Tom Harman
continue talks with Governor Brown*

“We have accepted the Governor’s challenge to bring him our reform proposals, and we’re ready to work. The Governor encouraged us to step out of our comfort zone, and we’re hopeful he is delivering the same message to his constituencies. The key to success lies in Governor Brown’s ability to stand up to the defenders of the status quo and fight for real reform that will fix the underlying structural problems that contribute to our state’s chronic spending, budget and economic problems.”
